Dear Author,

Please read the attached MS Word file thoroughly and make the changes in the MS Word file. Do not change the page number or lay out. Read every word / sentence. Be serious about spelling. Sometimes words may be merged. Identify and correct them (if any). Look carefully at the tables and figures. Make the correction if necessary. Finally be careful about your name and affiliation details.

If possible, edit your paper in consultation with your senior colleague(s) to ensure the grammatical and conceptual correctness.

Use Windows 2007 version in correcting the paper. Otherwise, the words will be merged again.
Please send your complete mailing (postal) address to receive the print copy.

Send the final revised paper by January 11, 2018.

No complain/request for changes will be entertained after January 11, 2018.

The online publication date is January 18, 2018.
