Respected Herta Masthalina,

During the layout designing, it is observed that, the reference of table number 1, and 2 is missing in text. All tables must be referred to in the main body of the text. Refer to them in the text by their number. For example: As shown in Table 2.....

Waiting for your quick response.

Dear Pakistan Journal Nutrition Team editor,
Tables 1 and 2 are deleted because there is no text that refers to them, so the next table will change their numbers. Attached are the results that we have edited.

Best Regards
Herta Masthalina
